

SCRIP FUNDRAISING INFORMATION

Helps Reduce Your Fair Share without Selling or Costs

Please note that this is a two-step process:

1. Sign up on the SCRIP website using the link and signup code below.
2. Fill out and return the final page of this document to the SCRIP coordinator, listed below.

The SCRIP Program

SCRIP is a way for you to raise money for your child's choir account by using gift cards to pay for everyday purchases like clothes, food & gas. You buy gift cards to various places and you get back a percentage into your student's account. The percentages vary by retailer. The major advantage to this program is that there is NO selling involved. Your family's everyday purchases help become your earnings.

Enrollment

To participate in SCRIP you must complete the [SCRIP enrollment form](#). Once that is complete, email the SCRIP coordinator (below) and let them know that you have completed the form. You will then be sent an enrollment code via email to register online. All SCRIP participants must go to the [SCRIP website](#) and register/create an account. You must enter the enrollment code that will be emailed to you for your account to be linked to the Fishers High School Choir Booster Club. Signing up is easy and very little information is needed (name, password, address).

There are 3 types of gift cards available. Not all retailers offer every option.

Physical Gift Cards (Option 1)

This is a physical plastic gift card. Plastic gift cards are ordered & shipped as a group *once per month* and must be picked up from the SCRIP coordinator. Orders usually arrive within a few days. Order dates are communicated via email from the coordinator and are usually planned prior to events so cards can be easily picked up.

Reloadable Gift Cards (Option 2)

Reloadable gift cards are physical plastic gift cards that are purchased through SCRIP and have the option to be reloaded so they can be used over and over. Reloadable gifts cards must be purchased, registered and reloaded on the SCRIP website to receive the rebate. Reload funds are available in 24-48 hours and ReloadNow funds are available within minutes when you pay with PrestoPay.

SCRIPNow (Option 3)

This is an electronic gift card called eCards that can be ordered and printed right from your ShopWithScrip account. You can use these gift card for online purchases by copying and pasting your code at checkout or print to redeem in stores. Many retailers can scan the gift card from your smartphone.

SCRIPNow advantages:

- Your gift card is ready in minutes when you pay with PrestoPay
- Your gift card is delivered electronically to your account
- Gift cards can be re-printed
- Many retailers can scan the gift card from your smartphone
